DETAILED ACTION

Response to Amendment

Amendment, filed on January 12, 2004, has been entered and acknowledged by the examiner.

Drawings

The proposed drawing correction and/or the proposed substitute sheets of drawings, filed on July 15, 2003 has been approved.

Election/Restrictions

Applicant's election of Group I claims 1-14 in Paper No. 0203 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 15-25 to inventions non-elected without traverse. Accordingly, claims 15-25 have been cancelled.

Allowable Subject Matter

Claims 1-14 are allowed.

Regarding claim 1, the following is an examiner's statement of reasons for allowance: The prior art of record neither shows nor suggests a flat panel display including the combination of all the limitations as set forth in claim 1, and specifically a frame mounted on a backplate, the frame having a support portion maintaining a cell gap between the faceplate and the backplate and an integral support extension extending from the support portion, the integral support extension having opening portions, electron emission sources being exposed through the opening portions toward the faceplate, could not be found elsewhere in prior art.

Regarding claims 2-14, claims 2-14 are allowed for the reasons given in claim 1, because of their dependency status on claim 1.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenn Zimmerman whose telephone number is (571) 272-2466. The examiner can normally be reached on M-F.
